Memo

To: Entering Associate Degree Youngstown Campus Nursing Students
From: Patricia McAllen, PhD, RN, CCRN, Dean of the Youngstown Campus, Professor of Nursing
Re: Clinical and Program Enrollment Requirements

Congratulations on your acceptance into the Mercy College of Ohio, Youngstown Campus Associate Degree Nursing Program!

Nursing students are required to:

- Purchase white leather shoes (white athletic shoes may be worn if they are entirely leather and have no color adornment). **Clogs are not permitted.**
- Purchase a stethoscope, hemostat, bandage scissors, and a watch with a sweep second hand.
- Remove artificial/acrylic nails. Because research has linked the spread of infection to artificial nails, they are no longer allowed in the clinical practice area.
- Purchase Mercy College Nursing uniforms. Samples of uniforms from Superior Uniforms will be available on campus during Orientation to size you for your uniform. You are required to purchase one top, one pair of pants, and one lab coat. Approximate cost of the top is $28, the women’s pant is $26.00, the men’s pant is $29.00, and the approximate cost of the lab coat is $30.00.
